Papa Remo's story

There is a wonderful story written on the sands of the bay, which is still cloaked in the same magic of when Remo arrived here. Our restaurant was found in 1997 after Remo Lenzi slept in a tent for a year just to completely assimilate the emotion of being in Africa. The evocative panorama of the Indian Ocean, corals, white beach, palm trees, framed the magical atmosphere of relaxation that distinguished this corner of paradise. Today the aura is still the same. Papa Remo is a unique beach bar and restaurant.
